Poole Tract Acquisition, San Bernard National Wildlife Refuge

The Friends of Brazoria Wildlife Refuges is pleased to report on the status of the acquisition of the Poole tract adjoining the main unit of the San Bernard National Wildlife Refuge.

The 11.05 acre Poole tract has been appraised at \$31,500, and the owners have agreed to this amount for purchase by the U.S. Fish and Wildlife Service. Funding has been secured, including the \$10,000 grant provided by the Trull Foundation.

The purchase of this property has been delayed because the title search revealed that one of the eight owners, since deceased, had failed to pay taxes on his interest in this tract. The surviving owners are addressing this problem. Once resolved, the U.S. Fish and Wildlife Service will proceed to purchase this land. It is anticipated that closure will occur by the end of this year. We will inform you as this happens.

We very much appreciate your support in helping to acquire this property.

Sincerely,

Marty Cornell
