BRIEF DESCRIPTION OF REQUEST (DO NOT EXPAND this space):

Our volunteers support the Texas Mid-Coast National Wildlife Refuge Complex by patrolling 112 miles of coastal beaches along the Gulf of Mexico for sea turtles, including the endangered Kemp's Ridley sea turtles, to locate and protect their eggs and to collect data on species and their condition. These patrols occur several times a week between April and July along four segments of mostly isolated and remote stretches of beach. Each segment is patrolled by a team of two. We need to supply each team with a pack containing GPS location equipment, devices to tag turtles, a digital camera, measuring tools, etc., and are thus requesting a grant of to purchase these packs.
